

Register for the IPAA NSW Skills for Success Series

Join more than 25,000 public sector professionals who have attended this online series.

These monthly **free 1-hour webinars** boost your public sector career by:

- Covering a range of foundation skill topics, identified by leaders across the sector
- Learning from subject matter experts and senior executives
- Gaining insights, resources, frameworks, and tips for your day-to-day work
- Asking questions and getting advice on your specific challenges

Skills for Success is a series of 1-hour, micro-learning webinars focused on the skills you need to thrive in your public sector career.

WHAT TO EXPECT?

Each 1-hour workshop gives you practical strategies that you can apply immediately in your workplace to boost your skills and see immediate results.

The interactive sessions mean you can ask questions so that you can explore the topics in more depth with the presenters and other participants. Often there is a supplementary training course offered so you can dive deeper into topics of interest to you and your career.

WHAT MAKES THESE SESSIONS DIFFERENT?

Our sessions are tailored to the unique context and challenges of the public sector.

They reflect the values, priorities, and expectations of the NSW government and its agencies.

They also help you to align your work with the NSW Public Sector Capability Framework.
